NEWSROOM NOTES — The second of our two holiday periods is upon us and with it the ever present possibility of an increased number of accidents on the nation's highways.

The holiday period started at 6 p.m. Friday and will run through midnight Tuesday, New Year's Day. After the Christmas holiday slaughter on Illinois highways, when 43 persons died, state officials are making plans to crack down on all traffic violators, even those of a minor nature.

Friday, William H. Morris, state police superintendent, said all available state law enforcement officers will patrol highways in Illinois from the ground and from the air during the 102-hour New Year holiday period.

Morris announced all leaves of State Police have been cancelled in the all-out effort to enforce laws in the fight against highway fatalities and injuries. "Headquarters staffs will be at a bare minimum to insure that all available men are out on the roads," Morris added.

The total State Police Traffic Safety Task Force of 1,123 includes 85 officers and men assigned to the toll road network in the Chicago area; 1,030 patrol cars; 30 radar units; three state police airplanes used for spotting speeders from the air, plus 100 investigators and cars assigned to the Secretary of State.

Morris ordered all troopers to strictly enforce the law, and to issue written citations even for minor violations.

Morris also issued a statement urging all motorists to exert extraordinary caution during the holiday period, when dangers of driving increase with the heavy flow of traffic.

Pointing out that half of all holiday deaths occur when a motorist is within 10 miles of his destination, Morris warned that a burst of speed at the sudden lure of a destination may be fatal.

"Traffic safety is everybody's business," Morris said. "Courtesy and caution constitute the best attack against death on the highways. The State Police will patrol diligently to insure that these common sense rules of driving are observed."

Secretary of State Charles F. Carpenter also called upon Illinois motorists to halt the state's trend toward record-breaking holiday traffic fatalities by obeying all traffic laws and being "cautious, courteous and temperate" in their driving over the New Year's weekend.

"The possible loss of the driver license is a great deterrent to careless driving, and convictions for traffic law violations can lead to revocation or suspension of the license," Secretary Carpenter said.

"When drivers know that the laws will be enforced strictly and that courts will make stern judgments, they will drive more carefully, if only to protect their licenses — but they will also be protecting their lives," Carpenter stated.

Burglar Gets 'Hot' Loot

AUSTIN, Tex. (P) — A burglar pounded a large hole in a concrete block wall of a grocery store before dawn Friday.

He left with loot consisting of a few coins and a box of checks—all hot.

The checks were from customers, returned from the bank for insufficient funds or other reasons.

WASHINGTON (P)—The United States is expected to announce shortly that it will supply more military equipment to the United Nations' Congo operation.

The announcement may be made within a week and the most urgently needed material will be flown immediately to the Congo, authoritative informants said today.

The most important items on the U.N. shopping lists are 10 fighter planes. They are needed to give air protection to U.N. ground troops and to fend off hit-and-run attacks of the Katanga air force, estimated to consist of about 20 airplanes of various types and vintage.

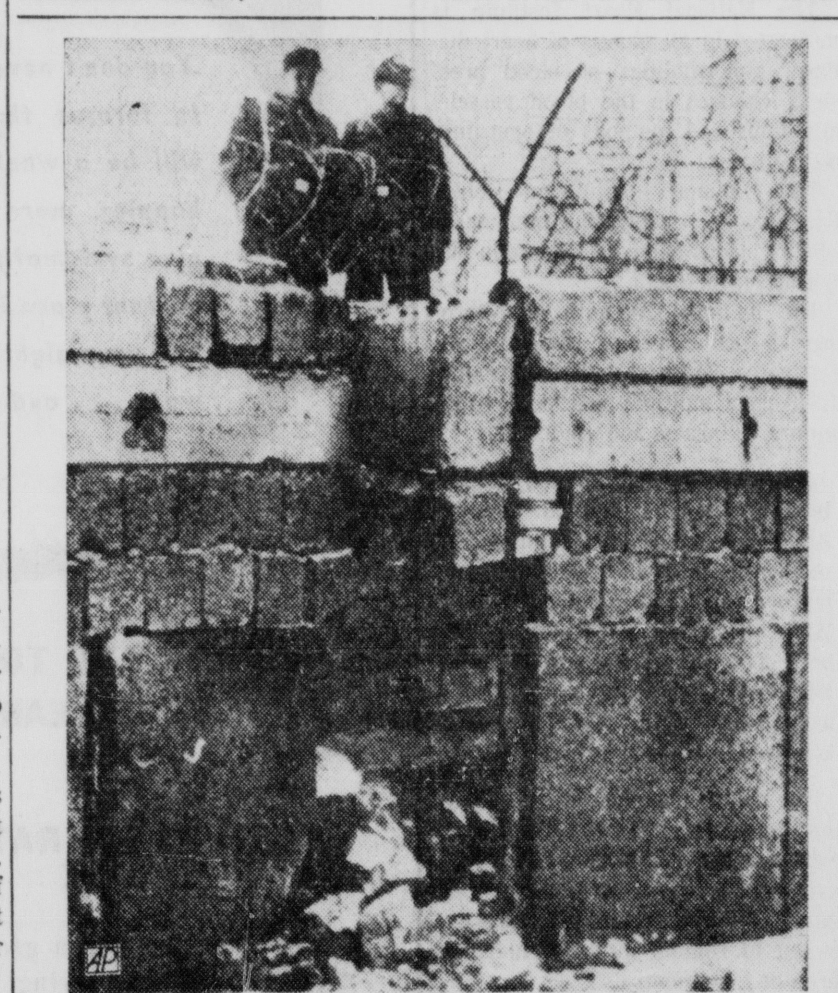

The list of requested material—a detailed document drafted by the Indian commanders of the U.N. air force—was sent to the U.N. secretary general today.

Dixon Youth Will Tour With Band

BLOOMINGTON — Herb William Nichols, son of Mr. and Mrs. Alfred Nichols, 724 E. Third St., and a senior at Dixon High School, has been selected to participate in the 1963 European concert tour of the School Band of America. Having received a superior rating in a nation-wide series of auditions held during November and December, he will join 80 outstanding instrumentalists between the ages of 15-21 from all parts of the United States to present concerts in England, Belgium, Germany, Switzerland, Italy, Monaco, France and New York between June 29 and July 29. Membership in the band is determined on the basis of superior musicianship, character and personality.

The School Band of America, directed by Edward T. Harn, Bloomington, assisted by Wayne M. Reger, Massillon, Ohio, and Don McEachren, Pittsburgh, Pa., will leave New York June 29 by Pan American jet for the month-long concert tour. The band, making its third annual European concert tour, will present concerts jointly with the recently organized School Chorus of America.

The concert tour, designed to promote greater respect and understanding between American and European youth, has been highly endorsed by the Music Committee of the People to People Program, sanctioned by the U.S. State Department, and assisted by the U.S. Information Service.

BLASTED WALL IN BERLIN—Rubble remains where an explosive was set off in the Communist wall in West Berlin. Two East German vopos stand on platform in East Berlin looking across barbed wire atop the wall. Though force of the explosion shattered some 600 windows in the buildings near the scene, the blast failed to penetrate completely through the wall. West Berlin police said it was the biggest explosive charge laid against the wall, although previous smaller explosions have caused more damage to the wall itself. The site of the explosion is 800 yards from the U.S. Checkpoint Charlie at Friedrichstrasse. No injuries were reported. (AP Wirephoto by radio from Berlin)

Troops Begin Mopping Up Operation Today

ELISABETHVILLE, The Congo (P)—U.N. forces supported by aerial bombardment seized almost complete control of this secessionist capital today and apparently started a mopping up operation. President Moise Tshombe fled his palace and his whereabouts were unknown.

A U.N. spokesman said Katanga resistance was cracking and that Tshombe's heavily-armed police were fleeing into the bush, leaving behind weapons, equipment and a number of armored cars.

U.N. forces took the offensive after enduring two days of Katanga police attacks on positions in Elisabethville.

Bomb Points — U.N. planes bombed strategic points in both Elisabethville and the mining town of Kolwezi, about 150 miles northwest of the capital.

A U.N. spokesman said the city's water supply, cut off in the outbreak of hostilities Thursday night, had been restored. He said the U.N. hoped to have electric power restored within two days.

U.N. troops took Tshombe's palace with little resistance from the presidential guard. Tshombe was gone when the blue-helmeted international troops—mostly Ethiopians and Indian Gurkhas—occupied the palace.

Previously, Tshombe had been reported trying to flee to Kipushi, about 15 miles from Elisabethville, on the northern Rhodesian border, or to Kolwezi.

A U.N. spokesman said the Elisabethville post office, railroad station and the Katanga radio station were taken over by the U.N. troops.

Clearing Roadblocks — The spokesman said the United Nations was beginning a move against roadblocks in the vicinity of the railway tunnel—scene of bitter combat in previous rounds of fighting in Elisabethville a year ago.

The spokesman said U.N. troops reported few Katangans were taken

prisoner and that Tshombe's casualties were believed light.

U.N. forces lost one killed and five wounded in fighting Friday.

Previous reports said seven U.N. soldiers and eight civilians were wounded.

UNITED NATIONS, N.Y. (P) — United Nations Congo experts estimate the strength of Katanga's army and police forces at about 25,000 men. The U.N. force in the Congo amounts to about 19,000 men, but there are no figures on the disposition of the force.

Reports reaching foreign embassies in Leopoldville, capital of the Congo central government, 1,000 miles northwest of here, said U.N. troops were moving up the Jadotville road into the heart of Katanga's copper belt. The town of Jadotville is about 70 miles northwest of Elisabethville.

The Belgian embassy reported the Belgian-operated Union Miniere Copper Co. in Kipushi was evacuating Belgian civilians.

Fighting continued in Elisabethville this morning but appeared to have almost died out later.

Two Raids — The fighting went on after two raids this morning by U.N. planes on the capital and on the airfield at Kolwezi, the base of Tshombe's rudimentary air force.

The raid on Elisabethville was carried out by a single aircraft at

Teachers Reassert Opposition To Strikes at IEA Conclave

CHICAGO (P)—Teachers of the Illinois Education Association have reasserted their opposition to strikes as a means of settling disputes between teachers and school boards.

"Under no circumstances should the resolution of differences between professional associations and boards of education be sought through channels set up for handling industrial disputes," the association said in a resolution adopted by 760 convention delegates in Chicago.

The strike-or-no-strike issue for teachers has been under discussion since recent AFL-CIO efforts to or-

ganize teachers into a union using labor union techniques, including the strike.

At their 109th annual meeting, the delegates also urged the state legislature to spend more money on Illinois public education.

The association suggested the legislature appropriate \$451.9 million for the 1963-65 biennium—a marked increase from the \$372.8 million the

Another Mass Of Cold Air On Its Way

By The Associated Press

Another mass of cold air made its way southward into the North Central states on this final Saturday of 1962, pushing temperatures below zero in many areas.

Much of the country was dampened by snow and rain, while temperatures scaled down from the 70s in Florida to above freezing in many parts of the Midwest and plummeting below zero in the North Central states.

Cloudy skies covered the area east of the Mississippi River today. Snow flurries pestered the upper Great Lakes area and a wide band of rain or snow—sometimes mixed—stretched from Illinois to the Atlantic Seaboard.

Occasional rain hit the Pacific Northwest and light snow covered the northern Rocky Mountain and Plains regions. Some light snow also fell in the central Rockies.

The area west of the Mississippi enjoyed clear to partly cloudy skies. The cold mass of air which swept into the North Central states pushed the temperatures in Minot, N.D., down 28 degrees from 24 hours previously to -10. Jamestown, N.D., reported -3 and International Falls, Minn., -4. It was -6 in Cut Bank, Mont.

Page Makes Two More Appointments

SPRINGFIELD, Ill. (P) — Ray Page, newly-elected state Superintendent of Public Instruction, has announced the appointment of two aides.

The men are N. E. Hutson of Monticello, who will become his chief legal advisor, and Sherwood Dees of Dixon, who will become the state Director of School Recognition, as first reported by The Telegraph Friday.

The posts pay about \$13,000 and \$12,000 a year respectively. The men will assume the positions after Page takes office on Jan. 14, the announcement said Friday.

Hutson was first assistant to the last Republican state superintendent, Vernon L. Nickell. Dees is the superintendent of schools at Dixon.

Man Confesses Grimes Murders

LOS ANGELES (P)—A man who confessed the 1957 slaying of the Grimes sisters in Chicago gave excellent details of the crime, police say, but he may not have been the murderer.

"We want to be sure he's a good suspect, not just another guy who wants a free ride back to Chicago," a Los Angeles detective said Friday.

There are some discrepancies in the man's confession, officers said. On Friday, sandy-haired Alfred Smith Lawless, about to end a jail sentence for drunkenness, told police.

"Six years ago today I killed Barbara and Patricia Grimes and I've been running ever since."

Lawless said he picked up the girls at a Chicago theater, molested them, beat and choked them, bound them, and threw them from an auto.

Found

The nude bodies of Barbara Grimes, 15, and her sister, Patricia, 13, were found in a ditch beside a country road southwest of Chicago on Jan. 22, 1957.

Chicago police — who have a permanent team assigned to the case—have a list of 5,000 persons who have been investigated as possible suspects.

Chicago detectives said Lawless, 34, gave an excellent description of the girls, including knowledge of Patricia's crooked toe and the clothing they wore at the time of their disappearance.

However, an autopsy showed the girls froze to death and had not been

Expect 480 To Die on Highways

Thousands of merry-makers and other motorists enjoying 1962's last holiday weekend are expected to hit the nation's highways today bringing an estimate from the National Safety Council that between 420 and 480 persons may become victims of the nation's No. 1 killer—traffic accidents.

The long four-day New Year's holiday, which began at 6 p.m. (local time) Friday, ends at midnight New Year's Day.

Begins Quietly

The 104-hour holiday began quietly, with only a handful of fatal accidents reported. But most persons were expected to be on the highways today, Sunday and New Year's Eve.

The latest count showed 15 dead in traffic accidents and 3 persons dead in miscellaneous accidents directly attributed to the holiday. No fire fatalities had been reported.

In making its pre-holiday estimate of 420 to 480 traffic fatalities the Safety Council said studies of past turn-of-the-year holidays show driving too fast for conditions is a factor in more than half the fatal accidents—compared with an annual average of 37 per cent.

The NSC also said that drinking drivers are involved in 38 per cent of the New Year's weekend accidents, compared with an annual average of 30 per cent.

The council estimated that 18,000 to 21,000 persons could suffer disabling injuries during the period.

Death Toll

The record death toll for a New Year's weekend was 409, established during a four-day holiday weekend in 1956-57. Last year, 337 persons were killed in traffic accidents during a three-day New Year's weekend.

The Associated Press tabulated 646 deaths in motor vehicle accidents during the four-day Christmas holiday last weekend.

Budget Director to Finish Document After Policy Talks

PALM BEACH, Fla. (P)—President Kennedy has sent his new budget director back to Washington to put the finishing touches on the bulky document after three days of policy talks at the holiday White House.

Kermit Gordon, sworn in Friday as chief overseer of the federal purse strings, flew back to Washington after dusk following a 90 minute conference with Kennedy.

Before departure, Gordon said some changes might yet be made in the budget for the 1964 fiscal year that begins next July 1.

It was apparent, however, that most of the key question marks were disposed of in meetings this week on tax cut plans, military spending, and legislative proposals involving aid to education and medical care for aged through Social Security.

The Kennedy-Gordon session Friday night was focused on the administration's 1963 legislative program

and its effect on the forthcoming budget. Sitting in on the talks were Elmer Staats, deputy budget director, and Lawrence F. O'Brien, a key presidential adviser on congressional relations.

With this meeting, Kennedy cleared the decks of all announced appointments until after the New Year's holiday. However, the chief executive had a date today in Miami with survivors of the disastrous Cuban invasion of April 1961. Kennedy and his wife, Jacqueline, were to fly to Miami to watch the Cubans pass in review in that city's Orange Bowl stadium.

Some of the final questions about the record \$99 billion budget due in mid-January were resolved at a session at which Secretary of Welfare Anthony J. Celebrezze and Kennedy reviewed new education and medical care legislation they hope will "be more palatable" to opponents.

This was the way legislation was characterized by Celebrezze following the 2½-hour session.

Reds' Appeal to Youth

The U.S. Communist Party, having just taken a licking in federal court for failing to register as the Soviet Union's agent, nevertheless is still pounding aggressively at this country's youth.

The party's youth director, Mortimer Daniel Rubin, spoke Dec. 3 at the University of Chicago and Dec. 6 at Iowa State University. In November he appeared at two other Midwestern universities, Wisconsin and Minnesota.

Elizabeth Gurley Flynn, national party chairman, spoke Nov. 7 at Roosevelt University in Chicago and Nov. 8 at Northern Illinois University, DeKalb.

Arnold Johnson, director of the party's lecture and information bureau, filled a Dec. 4 speaking date at Trinity college in Hartford, Conn.

Herbert Aptheker, party cultural affairs leader, addressed students Nov. 8 at City College in New York. An earlier University of Buffalo engagement was canceled.

Gus Hall, No. 1 U.S. Communist, who is due soon to go on trial for failure to register as an agent of the Soviet Union, has not fared so well recently. Yale canceled him in November, and he was scratched the previous month at Brandeis in Massachusetts and Farleigh Dickinson in New Jersey.

Yet from October, 1961, through May of this year, the FBI credits U.S. Communist leaders with 48 speeches on school campuses, before an estimated 43,000 persons. Hall does not always fail. In one case he drew 12,000 to a West Coast football stadium.

FBI Director J. Edgar Hoover says that in the year ending in mid-1962, "probably more Americans saw and heard a self-avowed member of the Communist party, U.S.A., than in the preceding 10 years."

Not only Hoover but analysts in the House Un-American Activities Committee see this stepped-up bombardment of American youth as part of the going Red program that also is aimed at energetic members of the U.S. peace movement and at those older targets—labor and U.S. Negroes.

House specialists note that, in virtually all present effort, very little is said by U.S. Communist leaders about our domestic issues. The big exception is the Negro's civil rights.

The Reds hammer tirelessly on the international themes, shouting "peace" and "ban the bomb," seeking to undercut the U.S. position in Berlin, Cuba, South Viet Nam and all Asia, Africa and Latin America.

To the House committee's experts, this is simply more proof—if more be needed—that the U.S. Communist Party has no interest in American problems but is devoted wholly to softening us up for eventual domination by Moscow.

Government officials say the Reds' push to get a bigger hearing on U.S. campuses is directed above all at shining up an image of the party as pro-American, constitutional, democratic in purpose, totally legitimate.

These are the very things that all our experts agree the U.S. Communist Party is not.

Many of America's adults who are 10 or more pounds overweight never think of themselves as "fat," according to the findings of a recent survey.

That's really not surprising. Just consider all the ways a woman can avoid facing the fact that she has put on a few unwanted pounds...

The cleaners must have shrunk last year's dress, now a bit too tight for comfort.

Clothes that have to be given away because they can't be let out aren't small—they're just not becoming any more.

Bold plaids and big figures are avoided, not because they call attention to those extra pounds, but because they are too loud.

The clerk who recommends a dress by insisting that it is "slenderizing" requires a slender figure, but because it is "too extreme."

And so it goes. No wonder so many of the overweight refuse to think of themselves as "fat," when it is so easy to ignore the evidence!

But that is true of all human weaknesses and shortcomings. The person who insults other people doesn't admit he lacks tact. He prides himself on his frankness. The person who is stingy thinks of himself as a good manager. The person who is pushy thinks of himself as a go-getter. The person who is lazy labels himself relaxed.

With others' faults it is easy to call a spade a spade. But with our own it's much easier to call them by a nicer name, or refuse to see them at all.

The Doctor Says

The National Institutes of Health in Bethesda, Md., is a government agency working toward a better understanding of the major health problems of the population. From the agency's studies, many discoveries have already been made which are helpful in the early recognition or treatment of various diseases.

There are seven institutes and a clinical center. The National Institute of Allergy and Infectious Diseases is making important studies of influenza, rheumatic fever, tuberculosis, malaria and allergies.

The National Institute of Arthritis and Metabolic Diseases is studying the nature of the rheumatoid factor found in the blood of patients with rheumatoid arthritis. Since there is some evidence that rheumatoid arthritis may be the result of some form of hypersensitivity, close cooperation with the Institute of Allergy is maintained.

The National Cancer Institute is investigating the effects of radiation and various drugs and hormones on cancerous cells. Tests are being devised for the recognition of cancer in its earliest stages, when there is a better chance for cure.

The National Institute of Mental Health is searching for a better understanding of the causes of mental disease and such emotional and behavioral disturbances as juvenile delinquency, alcoholism, and drug addiction.

The National Heart Institute is interested in all phases of heart disease, abnormalities of blood pressure, changes in the blood vessels, and improved methods of operating on the heart.

The National Institute of Dental Research is studying the manner in which various chemical agents in our diet affect the teeth.

The National Institute of Neurological Diseases and Blindness investigates cerebral palsy, muscular dystrophy, multiple sclerosis, brain tumors, cataracts and glaucoma.

The most recent addition to the Institutes is the Clinical Center. Although it is not an institution for medical care as such, it is the one and only unit that admits patients. While these patients are given the best of care, the purpose of their admission is the study of some unusual condition in which the staff is interested.

This means that the patient will be kept busy undergoing a battery of tests far exceeding anything he would encounter even in a well-equipped university hospital. He is often expected to remain in the Center for three or four months.

He is accepted for study only after his private doctor submits a complete medical history with the results of all the usual laboratory tests and the staff of the Center has decided that such a patient would further the investigations they were making at the time.

Patients are accepted from any part of the United States but they must pay their own transportation to the Center. They are not required to pay for the medical and nursing care they receive.

Dear Ann:

By ANN LANDERS

Dear Ann Landers: My mother just slammed down the telephone. It was for me. She told a boy, "I'm sorry, Gwen has talked on the phone enough for one evening. Call back tomorrow."

Ann, I'm so furious I'm afraid to speak to my mother because I don't know what I might say. So, I'm writing to you instead.

All teenagers like to gab on the phone. Sometimes we overdo it, but we try to be sensible. Once in awhile, when I've been on too long, my mother will pass by the phone and give me a dirty look. I always get right off. But this last insult was so humiliating I don't think I'll ever be able to face that boy again.

Please put my letter in the paper so mothers of teenagers can see how we feel. Is there a solution to this telephone problem? — TOMATO RED

Dear Tomato: I understand how a mother can be pushed to the brink, but, it would have been better had she handed you the phone with instructions to be off in three minutes.

When a phone must be shared by a family there should be a limited number of calls per teen and a limit on the yakking time. This should be discussed and agreed upon family style.

Dear Ann Landers: I'm a career girl of 30, who shares an apartment with a widowed aunt. Aunt Hilda is 59 and looks older. Six months ago we met a man 36. He was friendly to both of us and we invited him over for meals. After awhile he began to ask Aunt Hilda out. They went to the movies together and to visit friends.

Now they don't go out much to speak of. They just sit around here and I am sick of it. Our grocery bill has doubled because of him. Aunt Hilda orders choice steaks, fresh mushrooms, fruit out of season, and artichokes. Every night it's a banquet. We share all expenses, so I am paying for half of these luxuries. We are behind in our bills for the first time in the 12 years we've been living together.

The age difference between these two is scandalous and several people have mentioned it, but Aunt Hilda says they are jealous.

Please tell me what to do.—DIS-GUSTED

Dear Disgusted: Sooner or later you and Aunt Hilda will come to a parting of the ways over this man. I suggest sooner.

Find a new roommate — your own

age. Your present living arrangements sound deadly for a woman of 30. The free-loader could be a blessing in disguise.

Dear Ann Landers: My husband seems to have gone wild over hunting dogs. We now have three. Twice a week he is out at night running with the dogs to "keep them in shape."

We have two small children and he pays more attention to the dogs than he does to the children. I won't go into the expenses involved but I could have a mink coat for what my husband has spent feeding the dogs, having them licensed, inoculated, trimmed and housed in the kennels when we are out of the city.

I have discussed this problem with several friends and relatives and they are all on my side. What do you say? —DOG-GONNED

Dear Dog-Gonned: You are fortunate not to have more serious matters to complain about. If you had to take care of the hounds or clean up after them I'd say you would have a valid beef.

There's something terribly unappealing about wives who tattle on their husbands. You may win the pool, Kid, but you stand to lose a great deal more. Cheer up and look to the day when he takes the children hunting.

Police Chief Of Woodstock Is Honored

WOODSTOCK, Ill. (P)—For years Emery (Tiny) Hansman has been doing things for the townsfolk. Now the townsfolk are doing something for Tiny.

They're putting on a banquet in his honor tonight at the VFW Hall. A crowd of 500 to 600 is expected.

Since 1948 Tiny has been chief of police in this community near the Wisconsin border. He's retiring next month.

He refused to establish a radar speed snare. Instead, he posted signs reading: "There is no radar in Woodstock. Please drive carefully." And the state of Illinois, incidentally, cited the town for its traffic safety record last year.

Tiny, who had no children of his own, was a founder of an organization for youngsters called Crime Stoppers. Any kid who was big enough to walk up the City Hall steps by himself could join.

No Mischief

At Halloween time, the Crime Stoppers were assigned to police their own blocks. As a result, there was virtually no mischief.

But Tiny believed the law should have efficient teeth as well as a soft spot in its heart for the junior citizens. He set up a pistol training range in the FBI pattern.

Tiny's title didn't cover his activi-

ties any more than a ready-made suit would have clothed his body before three months in a hospital with blood poisoning whittled more than 100 pounds from his 6-foot-2 frame. He's down to 250 now.

He likes to work with wood. He built trophy-winning floats that represented Woodstock in parades. One recent number featured a moving merry-go-round.

For use in the old-fashioned square during the Christmas season, he constructed a gingerbread house where children can visit Santa Claus, a small chapel and a crib.

Tiny, who has been on the police force since 1941 and chief since 1948, will be 50 Jan. 5. He and his wife, Frances, plan to live in the Pacific Northwest.

Why has he been busy far beyond the call of duty?

"Woodstock had a population of 5,520 in 1941," he told an interviewer. "My big aim was to get a city of 10,000. In order to get a city of 10,000, you have got to do things to make people want to live here. It's pretty close to 10,000 now."

New Year's Services In Polo

POLO — A Holy Hour will be observed at St. Mary's Catholic Church at 7:30 p.m. New Year's Eve. The Masses on New Year's Day will be at 6:45 a.m. and 10 a.m.

John L. Lewis Undergoes Surgery

SPRINGFIELD, Ill. (P) — John L. Lewis, 82-year-old retired president of the United Mine Workers Union, has undergone surgery, a relative says.

Mrs. Thomas A. Lewis said Friday that her brother-in-law was admitted to St. John's Hospital at Springfield on Tuesday and was operated on for a peptic ulcer.

Officials at the hospital refused to confirm Lewis' presence. But Mrs. Lewis quoted a physician as saying Lewis was "doing remarkably well."

Lewis, a dominant figure in the formation of the Congress of Industrial Organization and an innovator of sitdown strikes and other controversial measures, retired as head of the UMW in January 1960.

Deaths and Funerals

R. G. Thomas

LOS ALAMOS, N.M. — Word has been received of the death of R. G. Thomas, 47, a former Dixon resident and a sanitary engineer at the Lee County Health Dept.

Mr. Thomas died of a heart attack early today in Los Alamos.

He is survived by his wife, the former Mary King; two daughters, Mary Kay and Peggy; and a son, Jim.

Funeral services will be held Wednesday in Santa Fe, N.M., with burial in Santa Fe National Military Center.

Blocks Mortuary, Santa Fe, is in charge of funeral arrangements.

Dixon Youth To Answer Theft Charge

Robert J. Faley, 16, 211 E. Seventh St., will appear Monday before Lee County Judge John Dixon on a theft charge.

He was arrested Friday by Dixon police on a warrant signed by Dixon Police Chief Earl Kelchner. Faley, in a hearing before Police Magistrate Lawrence E. Boos Friday afternoon, posted \$500 bond and was released pending his court appearance Monday.

The warrant charged Faley with participating in the theft of an auto battery from a car parked at 402 Galena Ave., Oct. 29.

Dixon police Thursday arrested Larry Thomas Thayer, 18, 114 Patrick Court, for also participating in the theft. Thayer will also appear before Dixon Monday.

Pork Expert Says Adage Is Baloney

AUBURN, Ala. — An Auburn University pork expert says that the Southern adage of a black-eyed peas and hog jowl meal on New Year's Day bringing good luck is all baloney.

"There's not a bit of luck in it," scoffed B. B. Phillips. "The custom was probably started by some luckless character who had nothing else to eat."

CHICAGOAN TO KSB HOSPITAL FOLLOWING TWO CAR CRASH—The crash of the two autos shown above sent Frank L. Michels, 59, Chicago, to KSB Hospital with possible hand injuries. Michels is reported in good condition today at KSB and underwent chest x-rays. Officials said no fractures were found. The crash occurred when Mrs. Dorothy M. Pyse, 39, Rt. 4, Dixon, eastbound on Alt. Rt. 30 three miles east of Dixon, was waiting for oncoming traffic to clear so she could make a left turn into her farmyard. The Michels vehicle struck the auto in the rear. State Police said an arrest is pending further investigation. Damage to the Michels auto was estimated at \$2,000 according to State Police and \$2,000 to the Pyse vehicle. Michels was taken to KSB Hospital by Allen ambulance.

force—was given to Lt. Gen. Louis W. Truman, head of a U.S. fact-finding mission which returned from the Congo this week.

Truman, informants said, approved the U.N. list after on-the-spot verification of the requirements and he submitted it Friday evening to the Joint Chiefs of Staff.

The final decision rests with President Kennedy, officials said, and added that knowing Kennedy's concern about the deteriorating Congo situation they felt sure the United Nations will get what it asks for.

The United Nations also wants a prefabricated steel bridge, air transport planes and 2½ ton trucks.

High U.S. sources indicated that the United States made no commitment to supply the fighter planes.

Some officials said that while the United States will certainly provide transport planes and trucks for troop transportation, the decision on the fighters depends on how many planes other nations turn over to the U.N. force.

In other words, the United States would fill in the gap if it is found that the United Nations does not have enough fighters to match Katanga's air force.

Kerner Approves Fund Release

Gov. Otto Kerner Friday approved \$3,114 for the rehabilitation of two cottages at the Dixon State School. Funds in the amount of \$53,372 were released previously for this phase of the work but it was necessary to re-advertise the general work for the two cottages and the bid recommended was \$56,486 leaving an additional amount, \$3,114, as specified. The proposal recommended for acceptance was submitted by R. V. Monahan Construction Co.

Dixon and officers recovered the stolen bonds, titles, policies and \$10 in cash.

A second party in the theft, Loren Meier, 18, 1212 12th Ave., Sterling, was arrested by Sterling police for Dixon authorities. He was returned to Dixon early today.

White in the Lee County Jail in lieu of \$5,000 bond. He will appear before Circuit Court Judge Robert L. Bracken Jan. 8 on burglary charges. Meier, was charged with the theft of \$10, which authorities said White gave to him. Meier did not enter the home with White, but remained on the porch outside the Burgess home, police said.

Meier is being held at Dixon City Jail, awaiting a hearing before Police Magistrate Lawrence E. Boos. Dixon Police Chief Earl Kelchner praised the work of his officers, commenting, "It was a nice piece of work. They stuck with it until they had it finished."

City Council Considers Land Purchase

AMBOY — Amboy City Council held an adjourned session Friday evening to discuss the acquiring of land for the new sewage treatment plant. Two parcels of land which will be used in the building of the oxidation lagoons for the new system were considered.

A plot of 5.94 acres, owned by Mr. and Mrs. Walter Leffelman, was offered to the city for the actual assessed valuation of \$780 on terms which were acceptable. No agreement was reached on details concerning the area of approximately 58 acres owned by E. S. and Howard Green.

A letter was read concerning the absence of a guard rail on the sidewalk crossing of a creek on Washington Ave. The residents of the area also complained that refuse was being allowed to accumulate in the creek causing a health hazard. The street and alley committee will investigate the matter.

The group voted to adjourn to Wednesday evening, at 7:30. It was also agreed to hold the regular meeting Jan. 8, as the stated meeting date falls on New Year's Day.

Fireworks Discouraged In Berlin

BERLIN — Police on both sides of the Communist wall are trying to discourage the old German custom of blazing away with fireworks on New Year's Eve.

Exploding firecrackers sound like gunfire and could be mistaken for the flareup of a border incident; rocket bursts look like flares that the East Germans fire when escape attempts are made.

So the East Germans have banned fireworks anywhere within about 100 yards of the wall. The West Berlin police have barred fireworks anywhere.

But they made the same rules last year, and firecrackers were banging and rockets were bursting all over the city.

Lawton Is Re-Elected YMCA Head

Ed Lawton Jr. was re-elected president of the Dixon YMCA Thursday evening at the regular meeting of the Board of Directors. Also re-elected treasurer was Don Lovett. Dr. Frank Densmore was elected First Vice President, Winston McReynolds, Second Vice President; and George Bishop was elected secretary.

An operating budget of \$16,989.00 for 1963 was recommended by the Finance Committee and approved by the Board.

Darrel Summak, chairman of the Membership Committee reported that at the year's end, the Dixon YMCA membership consisted of 889 members. Of these 147 were family memberships. Summak and the other directors said much more emphasis must be placed in obtaining family or sustaining members if the 1963 budget is to be met. Emphasis will be placed on this during the February membership campaign and through the year of 1963.

Plans were made to secure two new ping-pong tables and possibly a new pool table for the YMCA third floor activity room.

Other reports were submitted by the Physical, Youth, Maintenance, Public Relations and Personnel Committees.

Copies of the Dixon YMCA 1963 Program Schedule were distributed.

Charles Lester made special mention that the Dixon YMCA family and adult members swim, reserved through the Sterling YMCA Pool, would be held on the first, second and fifth Saturdays from 7 to 8 p.m.; and on the third and fourth Fridays from 8 to 9 p.m. through the months of January, February, March and April. This choice of nights will provide more members the opportunity to participate. These swims are free to adult and family Dixon YMCA members.

Accidents Reported by State Police

Donna A. Long, 31, Amboy, was arrested for failure to yield right-of-way Friday night after an accident at the west edge of Dixon on Rt. 2. State Police said her northbound auto pulled out onto Rt. 2 into the path of an eastbound auto driven by Marie A. Foley, 30, Rt. 1, Dixon. Damage was estimated at \$100 to the Long auto and \$125 to the Foley car.

Chicago police and sheriff's officers said they had no immediate plans to come to Los Angeles to question Lawless.

"We don't discount it (Lawless' confession)—we hope it is the real thing—but we have to learn more about it," said police Sgt. John Keane, a Chicago homicide officer.

Lt. Walter A. Weingart of the Cook County sheriff's department said: "there are discrepancies in his story, but of course we will check it out. Frankly, I'm a little dubious."

Police also are checking Lawless' confession to the murder of a man named Walter "Pea-John" Miller of Jamestown, Ky., "in 1947 or 1948."

Careless Americans Lose \$700 Million a Year

By ALTON BLAKESLEE
Associated Press Science Writer

PHILADELPHIA (AP)—Careless Americans encourage crime by "losing" more than \$700 million in cash a year, crime experts were told today.

They tempt and help support criminals by making it easy to be relieved of money, said Michael Fooner of the Association for Applied Psychoanalysis, New York City.

One survey showed 9½ million American adults lost sums of cash in a single year, averaging \$75 each, with nearly 1¼ million out of pocket for \$200 or more.

They generally left money and valuables unguarded in hotel rooms or at home and were careless in carrying money in wallets or handbags.

Such carelessness creates a massive number of temptations and opportunities, Fooner told a session of the American Association for the Advancement of Science.

Men and women lose cash with equal frequency, but women lost it three times more often than men while out shopping, he said.

Both lose money while traveling, while shopping, while at work, in public gathering places and around the house. The highest loss is in

money that simply seems to disappear, reflecting the skill of pickpockets.

Maybe, Fooner said, in our affluent society, many people have subconscious feelings of fear, guilt, dependence and other psychological disturbances that make them prone to losing money, much as some people seem to be accident prone.

Gas Bills Will Drop

Gas bills for Northern Illinois Gas Company customers will reflect a pipeline rate reduction and a refund of approximately \$4,120,000 from one of its suppliers, Natural Gas Pipeline Company of America, during the next 12 months.

According to H. E. Ford, vice president, this follows announcement made in October by NI-Gas and the present total reflects the additional period plus interest. It will apply to all NI-Gas customers.

Within the next month NI-Gas plans to begin passing this back to gas users in 332 northern Illinois communities outside of Chicago in the form of credits on gas bills over a 12-month period. Residential customers using gas for space heating will save an average of nearly five dollars over the next 12 months.

Those New Teeth Cause Problems

DETROIT — An abandoned saxophone found in Detroit takes note of a musician who couldn't toot because of his teeth.

John Blont, 42, found the gold-colored sax in the driveway of his home Thursday night.

Inside the brown leather case was this note: "I'm disgusted. Since I have false teeth I can't play very good. So whoever finds this sax can have her."

Signed by "a friend," the note also said, "P.S. It's not stolen. When I bought it I had my own teeth."

Police are holding the sax in case the owner buys new teeth.

4 a.m. The plane dropped about five bombs, but the targets and damage were not yet known.

The raid on Kolwezi was carried out by Swedish-made SAAB jet fighters. It is believed that three planes were destroyed on the ground by the SAABs.

U.N. Tunisian troops occupied Elisabethville's central post office and the U.N. claimed to have complete freedom for its forces, following the seizure of 20 Katangan road-blocks.

The U.N. military commander, Indian Brig. Reginald Noronha, accused Tshombe of being insincere during peace talks Friday. He said the fighting Friday night and this morning could have been avoided if Tshombe had signed an agreement to remove his roadblocks.

In Memoriam

In memory of our father, Dallas Heather, who passed away December 30, 1961.

Loving and kind in all his ways; Upright and just to the end of his days; Sincere and true in his heart and mind. A beautiful memory he left behind.

Miss Spellmeyer, Greg Boyd Plan Summer Wedding

MISS JUDITH SPELLMEYER

Mr. and Mrs. Leonard Spellmeyer, Dixon, announce the engagement of their daughter, Judith Lyn, to Greg Boyd, son of Mr. and Mrs. T. Harlow Boyd, also of Dixon.

Miss Spellmeyer is a senior student at the University of Illinois, Urbana, and her fiancé is enrolled in Eastern Illinois University, Charleston, where he is affiliated with Sigma Pi social fraternity.

A late summer wedding is being planned by the newly engaged couple and will be held in Dixon's First Methodist Church.

Diet Suggestions For the Holidays

Luscious party food and traditional goodies always tempt even the strongest minded weight-watchers during the holidays. But it's what you do about that temptation that will tell the story when you step on the scales after New Year's Day. It takes a reduction of 3,500 calories to subtract one pound from your weight, and it takes only 10 extra calories a day to add one pound a year.

But most food "extras" add far more than 10 calories at a time, let alone in a day. Just take a look at the calorie content of some of the favorite holiday confections, nibbles, pastries and trimmings: 1 ounce of fudge, 115; 1 ounce of peanut brittle, 125; 1 tablespoon of chopped walnuts, peanuts or pecans, 50; a 2-inch square of dark fruit cake, 100; a piece of mince pie, 340; one heaping tablespoon of hard sauce, 120; 1 small ripe or green olive, 5 to 7.

Enjoy yourself, but in moderation. Be content with just a taste of the nibbles and party food whenever you have a choice in the quantity you eat. Adjust the calorie content of your regular meals during the days when you know you will be "partying." For example, skip the rich sauces on vegetables or meats. Or leave the gravy off potatoes. And make the pie at the party be your dinner dessert.

While you're adjusting calories, keep up the necessary nutrients in the day's meals. Remember that vitamins, minerals and protein are just as important during the holidays as at any other time.

WW II Mothers Plan Meeting For Wednesday

Members of World War II Mothers, Unit 123, have scheduled a meeting at 9:30 a.m. Wednesday in Loveland Community House. Plans include a morning of sewing to be followed by a noon scramble luncheon and a 2 p.m. business meeting.

For new cooks: slits or "vents" are always cut in the top crust of a fruit pie to allow the steam that forms during baking to escape.

Winter Hoods Are Chic and Warm

By GAILE DUGAS

NEW YORK — (NEA) — When the winds blow cold and sharp, a girl likes to feel warm and cozy. But she doesn't necessarily want to look as if she had a head cold.

This season, designers have conquered the problem with a series of budget-priced, woolly charmers that keep the head warm and the girl pretty.

When it comes to separating the women and the girls, fashion draws few lines these days. Stores are quite well aware that matrons sneak into college shops for sweaters, slacks and skirts. And that they crowd hat bars right along with the younger set.

So these new cold weather head warmers are aimed at girls of all ages. They are designed to hug the head and to stay in place despite wintry winds, sleet or snow. What good is a hood if it slips down your back when the going is rough?

At the same time, these new designs offer lots of fashion for very little money. They were designed to make the wearer look good while keeping warm. Also important: For the winter traveler, such head warmers are ideal. They pack flat, emerge fresh from a suitcase and are easily on hand whenever they're wanted. And they are available in many colors and color combinations to suit you.

Warm and woolly head coverings for the depths of winter offer style and comfort and are designed for girls of all ages. This elongated, cuffed stocking cap trails a pompon at the tip of an attached strip of wool braid. Other popular styles include wool toques banded in fur and mohair hoods that can also be worn as stoles.

Glittery Knit

Lurex, a nonfading yarn, is combined with jet-black wool in the fabric used for the knit evening gown shown above. The glitter of the metallic yarn and the gown's slinky lines are both inspired by fashions of the 1930s.

Here's How

Good seasoning trick: add celery salt, along with the usual lemon juice and Worcestershire sauce to ice-cold tomato juice. Serve as a first course with crisp crackers and a cheese spread.

When nuts are added to chiffon cake batter, they must be very finely chopped or they won't be evenly distributed.

Miss Shaw Is Bride of Joseph Olar

Mr. and Mrs. Sherman L. Shaw, Rt. 1, Dixon, announce the marriage of their daughter, Dolores Frances, to Joseph Olar, Lombard, son of Alex Olar and the late Mrs. Olar, Berkeley.

The couple exchanged vows in an evening wedding performed last Saturday in Lombard, where they are residing.

A reception to honor the newlyweds, is being arranged by Mr. and Mrs. Shaw and will be held in their home from 2 to 5 p.m. Jan. 6.

Mrs. Hoover Will Observe 95th Birthday

Mrs. Vernie Hoover, a resident of Dixon for the past 15 years, will quietly observe her 95th birthday on New Year's Day in the Mansion Nursing Home where she has lived since 1959.

Born in Haldane Jan. 1, 1868, she was married to Horace Hoover in a wedding performed in Mt. Morris and prior to his death in 1909, the couple resided in Mt. Morris and Polo.

Anniversary Is Celebrated by Joy Atkinsons

An open house held Wednesday from 2 to 4 p.m. and 6 to 9 p.m. in the rural Dixon home of Mr. and Mrs. Joy Atkinson in observance of their golden wedding anniversary, was attended by 150 guests from Dixon, Ashton, Lee, Rock Falls, Nachusa and DeKalb.

Guests included Keith Swarts, who served as best man when Mr. Atkinson and the former Miss Fairie Ransom were married Dec. 26, 1912, by the late Rev. Fred Stone, Methodist minister; Mrs. Russell Grobe, formerly Miss Irma Ransom, a cousin of the bride and flower girl for the ceremony, and Miss Mary Ransom, who acted as her sister's bridesmaid. Also present for the event were the Atkinsons' 14 grandchildren and five great-grandchildren.

Holiday decorations trimmed the home for the anniversary reception, and a three-tiered cake, baked and decorated with yellow roses and bells by Mrs. Lucian Bally, was used as the centerpiece for the refreshment table. An arrangement of yellow roses, a gift from the honorees' children, and golden tapers were additional table appointments.

The celebration was arranged by

Today's Bride Is Honored at Series of Pre-Nuptial Showers

Miss Lynn Bellows, daughter of Mr. and Mrs. Lyle E. Bellows, Dixon, whose wedding to Charles A. Hulse, Davenport, Iowa, occurred at 2 o'clock this afternoon in the First Methodist Church, has been guest of honor at a series of recent pre-nuptial parties and showers.

The entertaining for today's bride began with a late November miscellaneous bridal shower for 30 guests arranged by Mrs. Fred Lawton and held in the home of the bride's parents. Green and white, selected colors of the bride, were used in decorations for the party, and a green linen cloth covered the refreshment table which held white tapers and a doll attired in a bridal costume.

Mrs. J. H. Shelton, Davenport, was hostess to relatives of the bridal couple and members of the wedding party on Saturday at a luncheon and crystal shower in her home. An attractive holiday arrangement and lighted tapers in silver candelabras trimmed the pink linen-covered table where luncheon guests were seated.

Green and white appointments decorated the refreshment table at a kitchen shower given Wednesday by Miss Susan Pieschel in the home of

her sister, Mrs. Walter Lohse, and Miss Nancy Kennedy was hostess on the following day at a personal shower held in the Rock Falls home of her parents, Mr. and Mrs. John Kennedy.

The couple's wedding attendants, their guests, and family members were entertained by the bridegroom's parents, Mr. and Mrs. Charles Hulse, Davenport, at last evening's rehearsal dinner at the Brown Shingle, and a buffet supper in the home of Mr. and Mrs. Bellows for relatives and out-of-town guests was scheduled to follow this afternoon's ceremony and church reception.

Forreston, Le Win Advance to Finals

By "CLARK" KELLY
Telegraph Sports Writer

FORRESTON—Randy Sneiderman made but two baskets for the Forreston Cardinals Friday night. The first came in the opening period and the second in the final stanza. It was the second that sent the Forreston fans into a wild frenzy as the ball dropped through the net with the horn blowing, giving Forreston a 41 to 39 victory over the Amboy Clippers.

Amboy had led throughout the contest, the semifinals of the Forreston Holiday tourney, but faltered in the closing minutes.

The Clippers scored 12 points in the opening stanza to match the Cardinals and went into the lead in the second period when Forreston scored two points on two free throws.

In the third period, the two matched again at 12 points. The Cardinals turned on the steam in the fourth quarter as they outscored Amboy 15 to eight to gain the two point advantage.

Swale was high point man for the Cardinals, with 14. Kellen led the Clippers, also with 14.

Forreston will meet Lena Winslow tonight at 7:30 p.m. for the championship of the tournament.

Le-Win earlier in the day downed previously unbeaten Orangeville 63 to 47. Le-Win led 24 to 21 at the half and pulled further ahead in the third period, outscoring Orangeville 18 to 14.

Le-Win turned on the steam in the final stanza, outdoing the Orangeville club 21 to 12 to claim the right to advance to the finals.

In the consolation bracket, Rockford Boylan walked away from Walnut in the second period of their game after taking a 14 to 12 opening period lead. Boylan held the Raiders to seven points while scoring 16 of their own in the second period.

The Titans added to their score in the third period, outdoing the Raiders 23 to 15. The Blue Raiders just matched Boylan in the final period, with each team scoring 22 points.

Boylan will meet Winnebago at 1 p.m. today for the consolation bracket championship. Winnebago handed South Beloit a 61 to 52 loss Friday after the two ball clubs played even ball for three periods. The clubs were tied at 44 each going into the final stanza, when Winnebago turned on the power, scoring 17 points, and holding So. Beloit to eight.

Amboy will meet Orangeville for the third place trophy at 2:30 p.m. today.

TOKYO—Seisaku Saito, 166, Japan, outpointed Kyo Naguchi, 111½, Japan, 10, for Japanese flyweight championship.

LOS ANGELES—Jose Lopez, 116½, Tijuana, Mexico, knocked out Apollonia Sallas, 116½, Reynosa, Mexico, 4.

Illini, Loyola Score Tournament Victories

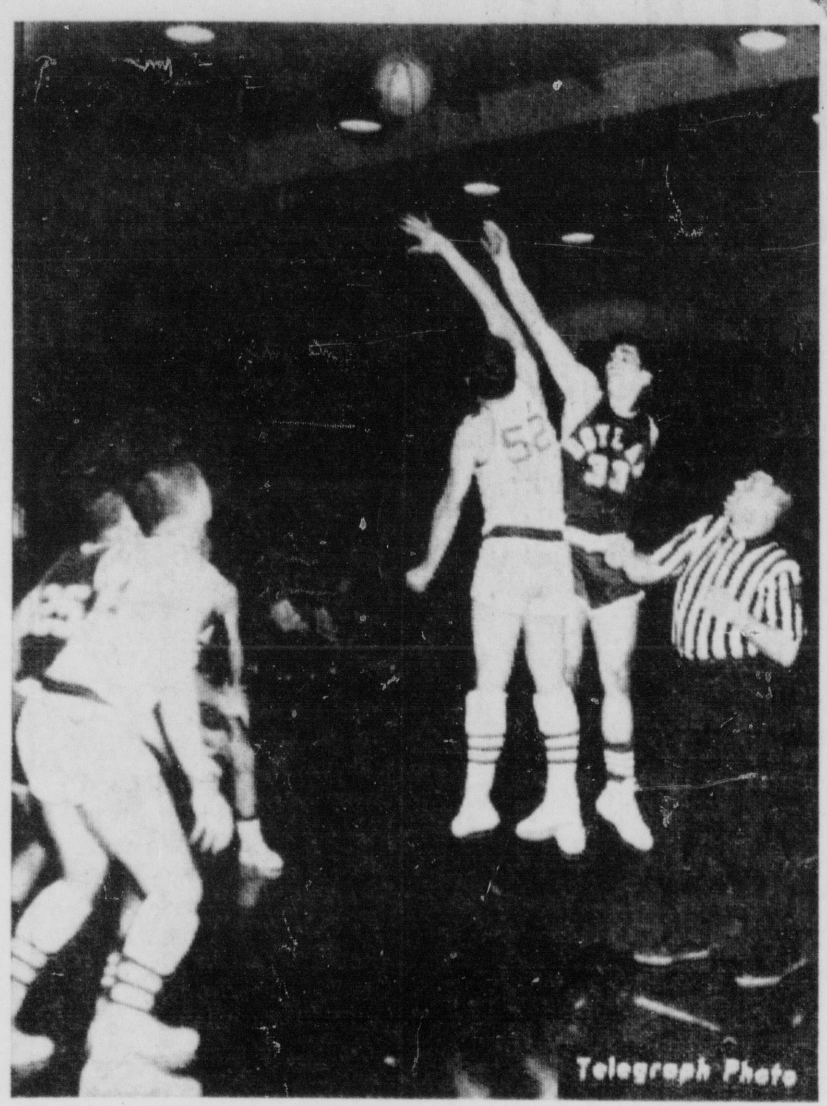

By The Associated Press

Out of a staggering total of 60 basketball tournaments—some big and some so tiny you'd need a map to find them—three of the ranking teams in the country—Loyola of Chicago, Illinois and Arizona State—will shoot for major titles tonight.

Loyola, the nation's highest scoring team, rolled over Memphis State, 94-82, in the semifinals of the All-College Tournament at Oklahoma City and will meet Wyoming for the crown. Jerry Harkness led the Ramblers, No. 3 in the current Associated Press poll, with 26 points. Wyoming advanced with a 65-64 decision over Oklahoma City.

Illinois, No. 4 downed New York University, 91-84, after trailing by 13 points at the end of the first half. The undefeated Illini will play West Virginia, 94-82 victory over St. Bonaventure, in the final in Madison Square Garden that will be televised nationally.

Arizona State, once beaten and No. 6 in the country, clashes with Canisius in the final of the Queen

JUMP BALL—Walnut's Jim Monson (52) and Boylan's Gulatto (33) jump ball following a tieup under the Walnut basket. The action occurred in the last stanza of the game at the Forreston Holiday Tourney. Boylan eliminated Walnut from the tourney 75 to 56.

Centralia Bombs Decatur 55-38 at Orphan Tourney

SPRINGFIELD, Ill. (AP)—Top-ranked Centralia scored an impressive triumph but Waukegan, Litchfield and Chicago Crane saw dreams of perfect seasons shattered on a tournament-packed Illinois prep basketball card Friday night.

Other unbeaten quintets joining Centralia in the victory column were McLeansboro, Chicago Heights Bloom, Quincy, Rochelle, Paris, Willowbrook and Chicago St. Patrick.

Centralia, ranked No. 1 in The Associated Press poll, stormed into the semifinals of the Centralia Holiday Tournament with a 55-38 victory over defending state champion Decatur.

Quincy, Herrin and once-beaten Belleville also advanced in the Centralia classic. Third-ranked Quincy scored a come-from-behind 66-64 victory over Edwardsville.

Herrin won another squeaker, edging Pinckneyville 53-52 on Artie Phillips' basket in the last five seconds.

Center Dave Renn scored 26 points in pacing his Belleville team to a 71-63 victory over New Trier.

Unbeaten Chicago Heights Bloom scored victory No. 10 with a 78-47 rout of Arlington in the Pontiac Tournament. Waukegan's Bulldogs suffered their first defeat of the campaign, falling before Rock Island Alleman 54-48.

Bloom is ranked second and Waukegan fifth in the AP poll.

The fourth-rated McLeansboro Foxes moved into the finals of the McLeansboro tournament, by romping past Ridgway 63-41. Carrier Mills nipped Metropolis 74-73 in the other semifinal contest.

At West Frankfort, Harrisburg's rugged Bulldogs were forced into three overtimes before nailing a 54-49 victory over stubborn Carmi. West Frankfort rolled over Carbondale 81-65.

Collinsville's fast-moving Kahoks notched their seventh consecutive

Warriors Top Nats, 124-117, In NBA Action

By The Associated Press

They boomed when the San Francisco Warriors came home to Philadelphia.

But the catcalls changed to cheers Friday night as the Warriors, who moved from Philadelphia to the West Coast this season, scored a 124-117 victory over the Syracuse Nationals in a National Basketball Association game.

In other NBA action, the Boston Celtics cut off a Cincinnati rally and won 121-113. The other teams were idle, although the Chicago Zephyrs picked up a new coach.

The Chicago team dismissed Jack McMahon and replaced him with team captain Bob Leonard. The Zephyrs are in the cellar of the Western Division, with a 12-26 record.

Here are the semifinal results of some of the major tournaments:

Quaker City at Philadelphia—Brigham Young 81, Providence 78 and St. Joseph's 59, Villanova 54. Villanova was the defending champion.

Big 8—At Kansas City—Kansas 61, Iowa State 51 and Kansas State 52, Oklahoma State 44. Kansas State is seeking an unprecedented third straight crown.

Far West at Portland, Ore.—Iowa 62, Oregon 48 and Oregon State 58, California 50.

WCAC at San Francisco—San Jose 65, Santa Clara 62 and St. Mary's 63, San Francisco 62.

Hubs Hand Bells 67-61 Loss Friday

By BRUCE RICHARDSON
Telegraph Sports Editor

DE KALB — Rochelle's Hubs fought back from two eight point deficits to defeat the Belvidere Bucs, 67-61, in the quarter-final round of the DeKalb Holiday Tournament. It was the second victory for the Hubs in the tournament giving them a berth in today's semi-final round. They will meet DeKalb's Barbs at 2:30 p.m. The winner will play for the championship at 9 p.m. tonight.

The Hubs trailed the Bucs twice during the game but came back to win by a six point margin. Rochelle jumped out in front early in the contest and led at the end of the first period by five, 14-9.

The Bucs rallied during the first half of the second period taking the lead with 3:50 left in the first half. Belvidere pushed the margin to eight points with 2:39 left in the period.

Gary Hoffman and Dave Snyder combined for the Hubs to cut the gap three points with :45 left in the first half. Augie Eckhardt tallied on a foul shot with :27 left to cut the gap to two at intermission.

Rochelle regained the lead with 6:53 remaining in the third period. Belvidere grabbed it right back on the next play then Augie Eckhardt hit on a 10-footer to put Rochelle back on top with 6:00 left.

The Hub lead was short lived as Dean Wait hit a 20-footer to give the lead back to Belvidere. Wait and Paul Frykholm combined to run the gap to eight points with 3:30 left in the third period.

Rochelle's offense rallied in the closing minutes to narrow the margin to four at the end of the period, 50-46. Wait was the big gun for the Bells in the period with nine points.

The Hubs cut away at the lead and pulled back on top with 5:44 left in the game. Snyder gave the Hubs the gap on a 15-footer. Eckhardt added a 10-foot jump and Snyder came back with a lay-up.

Dave Wickness and Eckhardt hit one more each to push the margin to eight with two minutes remaining. Belvidere hit for four points but Bruce Gunn put the game on ice for the Hubs with four straight foul shots.

Dave Snyder of Rochelle was high point man for the game with 23 points on nine field goals and five of seven from the charity line. Paul Frykholm of Belvidere took home second high scoring honors with a 20 point output.

Augie Eckhardt and Gary Hoffman both tallied in double figures for the winning Hubs. Both scored 15 points in the victory. Dean Wait and John Grubb, both of Belvidere, scored 18 and 12 points respectively in a losing cause.

The victory last night was the Hubs' ninth straight without a loss. Belvidere outthit the winning Hubs from the field 529 to 459 but faltered at the free throw line, hitting at a .330 pace while the Hubs shot .733.

Belvidere made 27 of 51 from the field while Rochelle hit on 28 of 61 attempts. The Hubs made 11 of 15 free throws and committed 11 personal. Belvidere made 7 of 13 charity tosses and were called for 12 infractions.

College Basketball

By The Associated Press

On the last weekend of post-season football activity for the collegians, the two terrors who eliminated the National Trophy Bowl, scarred the Gotham Bowl and threatened the North-South game, began to move in on tonight's All-American Bowl.

Only a small college victory — and a profit — might save the game, the fifth annual meeting at Tucson, Ariz., between picked stars from major colleges and little school. In an effort to hold off the bandits, sponsors have switched to a night game.

The All-American Bowl, built around the theory that the little boys can handle the big boys—once in a while at least—has been somewhat less than a lukewarm success. The main reason: The small college team is still looking for its first victory.

The all-star game is one of four post-season classics scheduled for today, starting a heavy weekend that winds up with the four big ones New Year's Day — Rose, Orange, Sugar and Cotton. Here's the line-up:

TODAY

Gator Bowl at Jacksonville, Fla.—Penn State, 9-1, vs. Florida, 6-4, 1:45 p.m., EST, CBS-TV.

Blue-Gray Game at Montgomery, Ala. — North All-Stars vs. South All-Stars, 2 p.m. NBC-TV.

East-West Game at San Francisco — East All-Stars vs. West All-Stars, 4:30 p.m., NBC-TV.

All-American Bowl — Major College All-Stars vs. Small College All-Stars, 8 p.m., no television.

MONDAY

Sun Bowl at El Paso, Tex.—West Texas State, 8-2, vs. Ohio U., 8-4, 4 p.m., no television.

TUESDAY

Rose Bowl at Pasadena, Calif.—Southern California, 10-0, vs. Wisconsin, 8-1, 5 p.m., NBC-TV.

Orange Bowl at Miami—Oklahoma, 8-2, vs. Alabama, 9-1, 2 p.m., ABC-TV.

Sugar Bowl at New Orleans—Arkansas, 9-1, vs. Mississippi, 9-0, 2 p.m., NBC-TV.

Cotton Bowl at Dallas—Texas, 9-0-1, vs. LSU, 8-1-1, 3 p.m., CBS-TV.

As Florida Coach Ray Graves and Penn State Coach Rip Engle sent their teams out for the Gator Bowl, both figured on a high scoring game.

"I look for an offensive game," said Graves. "It probably will take three touchdowns to win it."

Engle agreed, then said, "I think Florida is as good as any team we've played in a bowl. We are not near the team we were in November. We had only eight practice sessions compared to 12 last year."

Nevertheless, Penn State was favored.

The Blue-Gray faced the prospect of rainy weather, which would hamper the fleet Southern forces. The East-West seemed headed for a duel between rival quarterbacks Daryle Lamonia of Notre Dame and the East and Sonny Gibbs of TCU and the West.

Steers Lose to Rens, 102-93

By The Associated Press

Well, Bill Bridges took a night off and look what happened to the Kansas City Steers.

Bridges was sidelined with a knee injury Friday night as the Steers put their 10-game winning streak on the line in an American Basketball League game against third-place Pittsburgh. The Rens grabbed the opportunity and knocked off the league-leaders 102-93.

In the only other game scheduled, the Chicago Majors whipped Philadelphia 93-83 and ended a four-game losing streak while extending the Tapers' losing string to seven.

DeKalb Upsets Shabbona at Holiday Meet

DEKALB—The 35th annual DeKalb High School Holiday Basketball Tournament will wind up its action for this year with semi-final and final games on tap today.

Meeting in today's semi-final action in the championship flight will be Elgin, York, Rochelle and DeKalb.

Top seeded Elgin and third seeded York will meet in the first semi-final game of the day at 1 p.m. while Rochelle's Hubs, second seeded for the tourney, and DeKalb will pair off at 2:30 p.m.

The two winners will meet at 9 p.m. tonight for the title.

Semi-final games in the consolation bracket were played this morning. Genoa-Kingston met St. Charles at 9 a.m. and Crystal Lake played Freeport at 10:30 a.m.

The winners will play for the consolation bracket title preceding the championship game at 7:30 p.m.

In Friday's championship bracket action, Elgin defeated Palatine, 49-33; York topped Sycamore, 65-40; Rochelle downed Belvidere and DeKalb upset Shabbona, 53-49.

In the consolation bracket, Freeport won over Waterman, 46-42 and Crystal Lake downed Aurora West, 58-51.

Elgin held Palatine's Ron Kozlicki to just three points in their one-sided victory. Kozlicki had been averaging 26 points going into the game. He was sidelined early in third period with five fouls.

York had little trouble downing Sycamore as they jumped out in front early in the first period and poured it on to score a lopsided victory.

Rochelle's Hubs had to come from behind twice in the game to tally their ninth straight victory of the season and DeKalb used 10 foul shots in the final two minutes to squeak by Shabbona.

Leonard to Coach Chicago Zephyrs

CHICAGO (AP) — Bobby Leonard, a former Hoosier hotshot who has been playing professional basketball for seven years, makes his debut as head coach of the Chicago Zephyrs tonight.

Leonard, 30, became the youngest coach in the National Basketball Association Friday when he assumed command from Jack McMahon who was fired by the Zephyrs' executive committee, headed by owner Dave Trager and General Manager Frank Lane.

"The owners of the club felt McMahon did not get what was expected out of the talent at his command," said Lane.

McMahon had a record of 12-26 this season. He was hired last July to replace Jim Pollard after Lane took over as general manager. Under Pollard, the team, which was then called the Packers, finished last with an 18-62 record.

"SPACE" SHIP—The USNS Kingsport—the world's first satellite communications ship—heads for sea trials before joining the Military Sea Transportation Service. The former Victory cargo ship will be used as a seaborne terminal for a space communications network. It will test world-wide satellite communications possibilities and provide data for new designs. The big ball amidships is a 53-foot air-inflated radome (radar housing); astern is a helicopter landing platform.

WHERE FRANKS WAS KILLED
FRANKFORT, Ky. (P)—A battle between Indians and pioneers in 1780 gave this city its name.

Stephen Franks was killed by the Indians as he and other settlers crossed the Kentucky River here.

His friends named the river crossing Franks' Ford—and 12 years later it was selected as the state capital site.

Tax Loss On Cuban Deal High

WASHINGTON (P)—Through tax loss, the U.S. government's share of paying the Cuban prisoners ransom could reach \$20 million.

Mitchell Rogovin of the Internal Revenue Service, in an interview Friday, cited that sum—spread over three years—the highest possible loss to the U.S. Treasury from the deal that sent millions of dollars of food, drugs, and other supplies to Fidel Castro's Cuba in exchange for the 1,113 Bay of Pigs prisoners.

But Rogovin said he thought the tax loss could be less than \$20 million. He stressed that it could be considered a tax loss only in the sense that the U.S. government always loses revenue through income tax deductions after some drive for charity.

Rogovin is counsel to the commissioner of Internal Revenue. He was a member of Atty. Gen. Robert F. Kennedy's four-man team that helped manage the government's part in the deal that freed the prisoners.

Here is how Rogovin figures the possible tax loss:

Although the goods had a value in Havana of \$53 million, Rogovin said, their actual wholesale value in the United States, before packing and transportation costs, would be no more than \$40 million.

Companies may deduct the whole-sale value of the contributed goods as part of their allowed 5 per cent deduction for charity. If a company uses up its 5 per cent deduction this year, it can deduct its contributions as part of its 5 per cent deduction in 1963 or 1964.

Therefore, the \$40 million contribution to the ransom means the government has \$40 million less income to tax, provided:

1. You assume the companies would have sold the \$40 million worth of goods if they had not contributed it, and

2. You assume the companies will be able to list the contributions with-in their 5 per cent deductions for 1962, 1963, or 1964.

The corporate income tax is 52 per cent. If the government has \$40 million less income to tax, it loses about \$20 million in tax revenue.

22 Thought Imprisoned In Cuba

NEW YORK (P)—Twenty-two Americans, including two women, are believed to be held in Cuban prisons.

Some have been sentenced to long terms on charges ranging from spying to taking part in anti-Castro activities. Others have not been tried; in some cases charges against them have not been disclosed.

Little is known about the backgrounds of most of them. Some probably went to Cuba in search of adventure.

A State Department spokesman said this week that attorney James B. Donovan and the Red Cross are trying to have the Americans released as a sequel to the freeing of more than 1,113 Cubans who participated in the Bay of Pigs invasion.

None of the Americans took part in the invasion.

Although the number imprisoned has been carried in news accounts as 22 or 23, the State Department said its information is incomplete.

Jesse Gordon, correspondent for The Nation magazine, released Thursday a list of 22 names which he said he obtained from the Swiss Embassy in Havana. The Swiss now represent the United States in Cuba.

The two women are Geraldine Shamma, about 50, a native of Boston, and Martha O'Neal of Atlanta, Ga.

Both were arrested in 1960 and are said to be held in Carcel de Mujeres Prison on charges of engaging in counterrevolutionary activity. Mrs. Shamma was given 10 years and Mrs. O'Neal nine years.

COCKER IS A CLIMBER

CARMI, Ill. (P)—Contractor Roy Kiser's cocker spaniel, Inky, tags along wherever Kiser goes—and that includes rooftops at times.

Inky rears on its hind legs, grabs the second run of the ladder with its forelegs, then lifts its hind legs, one by one, to the first rung. Then it grabs the third rung, etc., repeating the process all the way up the ladder.

Caroline Kennedy diverted attention from a presidential conference when she stumbled and fell at the ocean-side Palm Beach, Fla., White House. President Kennedy was conferring with advisers on health, welfare and education programs when Caroline, 5, burst into tears and the President called for someone to go to his daughter's aid.

Caroline later reportedly barged into the conference to ask her daddy a question, to be told only to put on her bathing suit and go for a swim.

STRIKING UP A STORM—Heat radiation from a cigarette lighter looks like a thunderstorm and heat from a human hand creates a halo effect in this picture taken at Northrop's hypersonic wind tunnel in Hawthorne, Calif. Air is ordinarily invisible, but with the aid of an arrangement of prisms and mirrors called a schlieren optical system, wind tunnel engineers can see air pressure changes. During actual tests in the tunnel, scale models of aircraft and space vehicles are subjected to airflow up to 14 times the speed of sound. Schlieren pictures show shock waves and other pressure changes which help engineers improve the vehicles' design.

ST. LOUIS (P)—Joe M. Long, 23, of Chesterfield, Mo., died Friday in St. Louis County Hospital of injuries received in a head-on auto collision on Highway 67, north of Wentzville.

MADISON, Ill. (P)—Rodney Crawford, of West Madison was fatally burned in a fire that destroyed his home Friday.

The blaze, which destroyed another building and gutted still another, was brought under control by Madison firemen.

No other injuries were reported. There was no damage estimate.

SPRINGFIELD, Ill. (P)—Gov. Otto Kerner has announced the release of \$19,800 in part payment of the cost to the intercity water system study in the Rend Lake conservation area.

Kerner also released \$22,450 Friday for fisherman's access roads, parking lots, launching areas and ponds in the Marion County conservation area near Omega.

SPRINGFIELD, Ill. (P)—A federal information has been filed against five Beardstown men and on a Lincoln man for the hunting of ducks on a baited area.

The Beardstown men are Arnold C. Schuetter, Clarence Trotter, Eldon L. Mitchell, Guy Di Vario and Dalton L. Stocker. The Lincoln man, Herman F. Schreiber, was charged with two violations.

Stocker recently was released from two years probation after a 1959 conviction on charges of hunting migratory waterfowl for commercial purposes, Leon Scroggins, assistant U.S. attorney said Friday. When convicted,

Strange Requests Turn Up at U.N.

UNITED NATIONS, N.Y. (AP)—One U.N. admirer informed the secretary-general that he would like to get married in the General Assembly hall.

Another thought it would be nice if his wife could give birth to her baby in the headquarters building. A third wrote that when his time came, he wished to be buried in the U.N. rose garden.

Among the thousands of communications the U.N. receives each year from crowned heads, chiefs of state and tribal leaders is a scattering of such requests by sentimental souls and eccentrics.

Polite Answers

The harried U.N. legal department takes time out in most cases to send back a polite but firm turnaround.

Several years ago a rumor swept the corridors that a woman had been rushed to the clinic suffering labor pains. The rumor, which proved false, touched off queries as to what a child's nationality would be in such a case. The legal experts said a baby born on U.N. soil would be a U.S. citizen, no matter what the parents' nationality.

Several persons, including two delegates, have died at the U.N., but there were no requests for their burial on the premises.

"Anyway," said a U.N. official, "if you were to dig down more than a couple of feet anywhere on the grounds, you might go crashing down into the basement garage."

When Dag Hammarskjöld died last year, proposals were made to bury him on the 17-acre domain of U.N. headquarters. A delicate decision was

Ghana has a population of 5 million and is about twice the size of Mississippi.

Arkansas City Is Being Rejuvenated To Original Look

ARKANSAS CITY, Ark. (AP)—Page by page, this southeastern Arkansas community is slipping itself back into history—back into the busy, bustling Mississippi River port it was half a century ago.

The old sternwheelers that once tied up at its wharves are gone forever. Stacks of timber and bales of cotton will never line wharves that aren't there any more.

But if plans are carried out, the remainder of the town will be just as it was in the 1875-1925 period.

The citizens' do-it-yourself rejuvenation of the town into a reproduction of its own heyday is expedited to attract a commodity perhaps as valuable as the cotton and timber upon which it once thrived—the tourist.

At the turn of the century, Arkansas City was a growing Mississippi River port with a population of 10,000.

The optimism existed from 1873, when the little port was founded, until over a quarter of the 20th century was gone.

In 1927, the Mississippi sent its waters roaring into the community to depths of 18 feet.

There was death and there was destruction. But there was hope, even as the waters receded.

Hope began to end when the fickle Mississippi kept on receding, backing farther and farther away to settle in a channel she had cut three miles away.

Arkansas City was left high, if not dry.

Since that year, virtually nothing new has come to the town—no railroads, no highways, no industry and few residents.

The appearance of the town has changed little in the past years. And in this lies the renewed hope of these who were born in the community and do not want to see it added to the list of the dying.

The plan is simply to restore, year by year, each historic building, eventually turning the town into a facsimile of the port they remember.

Fire Theft Cases Are Continued

CHICAGO (AP)—Cases against three teenagers accused of looting an apartment during a fire have been put over to Jan. 7 to allow police more time to investigate.

The three youths were arrested by police checking on a complaint by a resident of the damaged apartment building that firemen had taken cigarettes, liquor and other goods from his apartment during the Christmas Day fire.

Judge Saul A. Epton granted the continuance in Municipal Court Friday despite protests from Joseph A. Ricker, attorney for Thomas Zels, 18, one of the youths charged with burglary of the South Side apartment building.

Ricker argued that the police plea for a continuance showed the police had no case against Zels or his co-defendants, Jack Little, 19, and Robert Glass, 18. Ricker was overruled by Judge Epton.

The youths were arrested Thursday by police following up a complaint that firemen pilfered the apartments of John Naisbitt, 33, and another resident.

Soviets Pay Back Taxes On Estate

GLEN COVE, N.Y. (AP)—The Soviet government has paid more than \$23,000 in back taxes owed this Long Island community rather than face loss of the lush estate it owns here.

Mayor Joseph Reilly of Glen Cove picked up two checks drawn on Chase Manhattan Bank and totaling \$23,132.96 in payment of back taxes on the sprawling estate known as Killenworth.

Reilly said he picked up the checks at the United Nations Mission headquarters, where an American diplomat said the Soviets made the payment under protest.

Several months ago the community put up for auction the 1960 tax liens against the estate, which the Russians use as a retreat for their U.N. delegation.

There were no bidders on the liens and the community bought them back. The Soviet government argued that because the estate is used by U.N. delegates, it is immune to local taxes.

Glen Cove officials contended the estate is not used as a main residence for the Soviet U.N. delegation and as such is not immune to taxation.

During the 140 years between 1820 and 1960, 41.8 million immigrants came to the United States.

Scientists Tell First Extensive Mariner Data

STANFORD, Calif. (AP)—Scientists presented the first extensive analysis today of data beamed through millions of miles of space from Mariner 2, the United States satellite that went past Venus two weeks ago today.

The results, the scientists pointed out, are tentative and subject to revision as further, more detailed study is made of the huge amount of information sent back by the interplanetary satellite.

They noted, however, that no spectacular findings have as yet come to light. Instead, the results produced so far serve to confirm what earth scientists have surmised through previous experiments.

The reports were prepared for a news conference held as part of the three-day joint meeting of the American Geophysical Union and the American Physical Society.

Talk Shop

Some 1,200 top scientists from Europe, Canada and the United States have spread out over Stanford University for hundreds of reports, meetings and informal gatherings to talk shop.

Mariner 2 carried two experiments designed to measure the charged-particle radiation in space, including galactic cosmic rays and streams of high-energy particles which are released intermittently from the sun.

The problem of these "solar flares" and their production of high-energy particles is particularly important to interplanetary space research because the streams may contain particles in large enough numbers and high enough energies to form a hazard to manned space missions.

No such threat was observed by Mariner, however, according to the report by Drs. H. R. Anderson of the California Institute of Technology Jet Propulsion Laboratory, and H. V. Neher of Caltech.

They also reported the apparent absence of magnetically-trapped radiation particle belts around Venus, such as the Van Allen belt around the earth.

'Solar Wind'

Streams of very hot ionized gas projected into space from the sun's inner corona—and known as "solar wind"—appear to be the dominant feature of interplanetary space in our region of the solar system, they said.

The solar wind previously was correctly diagnosed as the cause of earth's geomagnetic storms, radio blackouts and maybe the auroral displays, such as the northern lights.

Mariner reported the number of solar wind particles in our region of the solar system is about a billion times greater than the number of cosmic rays, and the total energy content of the solar wind is much greater than that of the cosmic rays.

This is the reason, the scientists explained, that fluctuations in the solar wind can produce large and easily detectable effects on earth. Some such clouds of solar wind produced noticeable magnetic storms when they reached the earth a few hours after blowing past Mariner.

Goldwater Would Seek GOP Spot If:

PHOENIX, Ariz. (AP) — Republican state chairman Richard Kleindienst says that Sen. Barry Goldwater, R-Ariz., would consider seeking the 1964 presidential nomination if: "Someone shows him where the money is coming from."

"An organization can display the necessary support."

"He obtains enough convention delegates."

Kleindienst's statement came Friday after Goldwater met with 50 close political friends in Phoenix to discuss his future. The event is an annual affair.

Goldwater, however, made no official statement concerning his presidential possibilities.
